## **Playing Time, Coach Involvement, Competition**

Progression towards more competitive play promotes healthy lifestyles and develops positive character values in young people. The competitive nature of each sport grows as athletes get older and garner more developed skill sets. Our mission and the National Alliance for Youth Sports National Standards have guided us in the development of these standards.

All sports are different, so are all coaches and their instruction styles. However, we have all agreed to meet common goals.

### **1) Pre – Kindergarten through 2<sup>nd</sup> grade (3-8 years):**

- a) *Focus* will be on sportsmanship, fair play, fun, motor skill development, learning rules/game structure and positive character traits.
- b) *Playing time* will be distributed during games as equally as possible regardless of ability or commitment to the team.
- c) *Exceptions* may be made for: health issues, severe unsportsmanlike conduct or if the athlete arrives late for the contest.
- d) *Scores and Standings* will not be kept by coaches or officials. Any scorekeeping by the kids themselves should be deemphasized or redirected by those in leadership roles.
